

Rail Live 2017 – Preview

Rail Live 2017 – It's that time of year again when the Orange Army gather in a hot and sticky field just outside Stratford Upon Avon to share ideas, enjoy a cold beer and have a good old catch up!

Rail Live is genuinely one of the best exhibitions in the UK for sharing innovations as well as a great place to network and make new acquaintances. Astra will be exhibiting for the fourth time and again the Network rail Approved ARC Rail Croppers will be on show along with several other rail plant attachments. If you're not already registered as a visitor you still can via the Rail Live [website](#) and we hope to see you there!

- Not seen the ARC in action yet? check out the [video online](#)

For more information about the ARC call Charlotte on +44 (0) 7912 595685 or email c.evans@astrasiteservices.co.uk
